Hi Duncan

Good to talk today, we will can try to help you.

But after coming off the phone it may be best to try to arrange for a few dozen A4 sample sheets of the attached material to be sent to test laser cutting before an order is raised – this will be in reel form @ 300 mm wide

Radek / Alina – could you please see if A4 samples can be sent to Liverpool please – another customer in UK asked for the same this afternoon
